MEXICO'S GOOD EXAMPLE

Lynchers of Arroyo Condemed to Pay the Penalty

THEY TAKE THE MATTER COOLLY

Fritz Meyer Must Die in the Electric Chair—He Was Nervous When Sentence Was Passed.

By Wire to THE TELEGRAM.

Mexico City, Nov. 23—The great trial of the men who basely murdered Arroyo has been finished. The trial terminated by the sentence of death being pronounced on ten of the policeman concerned in the cowardly butchery of the hepless wretch whose attack on President Diaz caused so profound a sensation here.

The condemned men do not seem to realize their perilous position but take the matter very coolly. Their lawyers have entered an appeal in each case. Public opinion strongly sustains the verdict just as it condemned the cowardly perpetrators of the crime.

FRITZ MEYER TO HANG.

By Wire to THE TELEGRAM.

New York, Nov. 23.—Fritz Meyer, the convicted murderer of Policeman Smith, has decided to make peace with the world. It is said he is making a full confession of the crime to Father Sanders.

The murderer has been sentenced to die in the electric chair at Sing Sing during the week beginning January 10th. He was extremely nervous when standing before the judge to receive the sentence.

RICHMOND DOCTORS HERE.

But Will Not Perform the Operation for Appendicitis.

Drs. George B. Johnston and Robt F. Williams, of Richmond, Virginia, are registered at the Benbow today. They came here to perform an operation on Dr. Richardson. After seeing the patient and holding a consultation however they decided not to perform the operation now. They think it better to wait until the acute stage of the disease has been passed when the patient will be sent to the hospital in Richmond and the operation performed there.

New Railroad Map.

The Raleigh correspondent of the Charlotte Observer says:

Today the map of North Carolina railroads for 1897 was issued by the railroad commission. It is prepared by Henry Clay Brown, clerk to the commission. It shows that there are now railroad lines in all the counties of the State save eight. There are fourteen roads of the Atlantic Coast Line System; 15 of the Southern; 12 of the Seaboard and 30 miscellaneous; total 71. The total mileage is 3,436. Of one line, the Danville & Western, only three-quarters of a mile is in the State. The longest road is the Cape Fear and Yadkin Valley, 331¼ miles; the next longest the Carolina Central, 264¼ miles. The new map is by far the best one ever issued.

College Girls Debate.

The two literary societies of G. F. College will have a debate at the college on Thursday night. The subject: Resolved, That the Regulators Were Justified in Their Movements. Affirmative, the Irving Society, represented by Misses Lula Page, Anna Henderson and Manie Currie. Negative, Emerson Society, represented by Misses Jennie Webb, Eva Heitman and Elma Cole.

Judges—Dr. Thomas N. Ivey, Superintendent G. A. Grimsley and Hon. A. M. Scales. Public are cordially invited.

Top o' the Morning to Him.

J. K. Mebane, accompanied by a party of friends and relatives, left on the noon train today for Graham, where he will be married at noon tomorrow to Miss Carrie Banks Holt. Immediately after the ceremony the couple will leave for New York and other points North on a bridal trip. After their return they will reside here.

The Merrymakers.

Don't fail to see the Merrymakers at the Academy of Music Thursday night. Reserved seats now on sale at Gardner's drugstore. The ladies tickets good Thursday night when accompanied by one paid 30c ticket.

THE LAST RITES.

The Funeral Services of Rev. Dr. J. Henry Smith.

This afternoon, before the hour appointed for the funeral, business houses were closed and people by the hundreds, were sadly and sorrowfully wending their way to the First Presbyterian church to pay the last tribute of respect to one who in life they loved, and one whose memory they cherish in death.

The church which was the scene of the life work and labors of Dr. Smith was the sad scene of his funeral obsequies. Draped in the emblems of sorrow, and the pulpit decorated with beautiful wreaths of autumn flowers, the church was literally packed with the friends and loved ones of the deceased, attesting the profound respect and love of the entire community for the good man whose remains were about to be consigned to mother earth.

As the remains were being carried in, the soft and muffled notes of the great organ were heard in the tune of "Home, Sweet Home." Then the favorite hymn with Dr. Smith, "Jesus, Lover of My Soul," was sung in sad and measured tones, while tears of sorrow flowed from hundreds of eyes.

The services were conducted by Rev. Dr. Jethro Rumple, an old friend and admirer of Dr. Smith, after which the remains were followed to the cemetery by a large part of the congregation. Thus a good man, an old landmark of Greensboro has passed to his reward. We regret that the lateness of the hour prevents a more complete and full account in today's paper of the funeral services of this beloved man of God.

A GROWING INDUSTRY.

North Carolina Talc Excels all Save the Finest Italian.

Col. Olds writes the Charlotte Observer.

Mr. Sells, of the soap manufacturing firm of Sells Bros., Philadelphia, arrived here yesterday, to look at talc. He said he had seen an article which your correspondent published about North Carolina talc, which was taken from advance sheets of the Labor Commissioner's report for this year, and came to personally investigate. He says he finds the North Carolina talc excels the latter in quality; that he uses 60,000 pounds monthly and that he will go to the mines to make arrangements to secure the best.

SAW MRS. LUETGERT ON MAY 24.

Mrs. Thompson Says She Saw Her in Monmouth, Ill.

Kewanee, Ill., Nov. 22—After a silence of several months, Mrs. Wm. Thompson, of this city, told a story of having seen and talked with Mrs. Luetgert on May 24th.

With her husband she was at Monmouth, Ill., in their private car, which was side-tracked, waiting for train connection. Mrs. Thompson happened to go into the depot and saw a woman whom she recognized, she says, as Mrs. Luetgert. She asked her where she was going and Mrs. Luetgert replied that she wanted to go west and find some quiet, out of the way place.

In the evening, she says, Mrs. Luetgert came to the car, and after talking with Mrs. Thompson a short time, said:

"My husband will wonder a long time before he sees me again, and when he does he will be more glad to see than he ever was before in all of his life."

Mr. Thompson did not want his wife to testify in the case on account of the notoriety, but she says now she will do so.

PUPILS MAY EAT ONIONS NOW.

The Schoolteacher Objected but Strategy Succeeded and She Surrendered.

Topeka, Nov. 22—Topeka's onion war is over, and the onion has won. It began when Miss Elmira McCoy, a teacher in the Clay street school sent three onion eating pupils home to have their breaths fumigated, and announced that thereafter no pupil who ate onions would be permitted to remain in the room. Miss McCoy was upheld by Principal Prof. McClintock, and for two days the edict stood.

Then the pupils, under the leadership of an embryo genius who saw an opening for an extra vacation, took a hand. Yesterday morning when school was called Miss McCoy's room smelled like an onion patch.

One suspect was called up, convicted by his breath and sent home. Not until half the pupils had been sent away did the teacher discover that they had formed a plot to eat onions daily until she surrendered. She surrendered.

STANDING BY SAGASTA'S PLAN

Cabinet Approves the Scheme of Autonomy Promulgated

AUTONOMY WITH A STRING TO IT

Germany's Antics in the Orient—She Will Increase Her Holdings of Chinese Territory.

By Cable to THE TELEGRAM.

Madrid, Nov. 23—The cabinet has approved Sagasta's pronouncement for autonomy in Cuba with the exception of the classes of trade regulations. The Sagasta scheme gives the Cuban Chamber of Commerce the right to fix the Cuban tariff. This part of the scheme for antonomy was strongly opposed by the Catalonian deputation which waited on Senor Moret, minister of the colonies, yesterday in order to urge the protection of Spanish imports into Cuba.

GERMAN LAND GRABBERS.

By Cable to THE TELEGRAM.

London, Nov. 23—According to a dispatch from Berlin received here today the German government considers that the land occupied by the forces of Germany at Kiao Chow bay on Shantung Peninsula, China, to be insufficient for a naval station. The government will proceed to enlarge its holdings there "diplomatically if possible" and inferentially by force if it must.

LYNCHING AS A PLATFORM.

Blackburn Makes it an Issue and Declare the South was Right in Sixties.

Atlanta, Ga., Nov. 22—The announcement of Benjamin M. Blackburn, editor of the Daily Commercial of this city, of his candidacy for the Democratic nomination for Congress to succeed Col. Livington, from the Atlanta district, brings out a new platform. After declaring himself in favor of the extreme interpretation of the Chicago platform, he adds to it this:

"I believe in a Democrat having some ideas of his own, and I favor a great many things that I believe to be fruitful of good results to my people that are not to be found in any platform.

I am in favor of lynching brutes for the usual crime, because I believe that it is our religious duty to keep Southern homes pure and undefiled. I believe the South was right in the sixties, and that the sentiment of her people will sustain me today. I am opposed to any system that gives brutal and cowardly sycophants the right to shoot down innocent labor as was lately done in Pennsylvania."

A RATHER TAME AFFAIR.

The Reception of Weyler at Barcelona Was Not So Warm.

By Cable to THE TELEGRAM.

Barcelona, Nov. 23—The Spanish steamer Montserrat, with Gen. Weyler aboard, arrived at this port this morning. Weyler disembarked immediately. The demonstration in his honor, which has been agitated by his friends did not assume the proportions anticipated and as he traversed the streets the public seemed quite indifferent.

TALL STORY FROM SIBERIA.

$10,000,000 in Placer Gold Taken from a Gulch Two Miles Long.

San Francisco, Nov. 22.—Russell E. Dunn, a mining engineer, who has just returned from Seberia, declares that the mineral wealth at the head waters of the Amur River is very large. He developed some mining properties for a French syndicate in the mountains from which flow four streams that feed the Amur. Near that place placer miners were taking out fortunes that make the Klondyke seem poor.

Out of one gulch, not over two miles long, coarse gold and nuggets amounting to $10,000,000 were taken. The country is no place for prospectors, however, as only a company can get a concession. All placer mines are worked by the government.

WOULD IT PAY?

This Is One of the Questions Asked in Regard to a Gala Week.

Would a gala week pay? Would not the expense and trouble amount to more than the benefits to be derived therefrom? These and numerous other such questions are being asked and discussed in regard to the gala week talked of for Greensboro.

Jacksonville, Florida, has just closed its gala week, and in the Times-Union of the 16th we find an editorial on the subject from which we make the following extract. Read it and ask yourself "shall Greensboro have a gala week?"

"In all the great crowd present in Jacksonville there is heard only the warmest praise of Florida's Gala Week, and from every quarter of the State there comes only one long note gratulation and praise. The papers speak of it, the people talk of it, and the ladies approve so sweetly that from their lips the approbation sounds like a song set to music.

"But the merchants and business men on the other side of the question—what do they say? Why, they crowd the editorial rooms of the Times-Union and Citizen to say each and all, 'Make it annual and draw on me for double my subscription next year.'

"Therefore, be it resolved that Florida's Gala Week in the city of Jacksonville is hereby made annual as a perpetual thanksgiving, as a notice to the world that our people are at peace with themselves and all the world, that we thankfully receive the blessings showered upon us and are willing to divide them with our brothers everywhere.

"For ourselves it is a meeting of friends and a proof of our indorsement of the philosophic view that there is a time for play as well as for work, a denial, wide as the State and high as the blue above us, of the pissimistic view that man was made to mourn and should be happy only when he is miserable.

"See the crowds on our streets and note the hand-shaking and the smiles—hear the cheers, the laughter, and the delightful hum a Southern crowd always throws off when on enjoyment intent—listen to the cat-calls of a small boy and watch the alligator hunter from the swamp stick his elbow into the waistcoat of the wholesale merchant, and you will realize that we are one people, bound together by a community of interests and ties that only death can sever, and you will understand that such a good thing must not be allowed to die at the end of a week. The festival must be repeated every year for generations—let it stand forever as a landmark in our history."

SIXTEEN SPANIARDS WOUNDED.

Result of a Brush With Insurgents Near Bayamo.

Havana, Nov. 22.—A Spanish force, while escorting a provision train from Manzanillo to Bayamo, was fired upon by a detachment of insurgents. The government troops had sixteen men wounded, the official report says.

It is announced from Spanish headquarters that fifteen more armed insurgents, belonging to the force commanded by Cuervo, have surrendered to the Spanish authorities in the province of Pinar del Rio, and, it is further stated, other insurgents are expected to follow their example in the near future.

DEATH OF D. G. WORTH, ESQ.

One of Wilmington's Substantial Citizen's Gone.

Wilmington, N. C. Nov. 22—Mr. David Gaston Worth, of the firm of Worth & Worth, wholesale grocers, died here late last night. He was the only son of the late Governor Jonathan Worth. He graduated with the first distinction at the State University in 1853, and for several years was engaged in the naval stores business in Moore county. In 1865 he began a business career in Wilmington that was marked by unusual success. The funeral will take place from the First Presbyterian church at 11 o'clock tomorrow.

TO SAVE DURRANT'S NECK.

San Francisco Theosophists Circulate Petition in His Behalf.

San Francisco, Nov. 22.—The theosophists of San Francisco are taking an active part in the fate of murderer Durrant. It is a tenet of their faith that capital punishment is wrong and they are getting up a petition praying Governor Budd to stay the execution and to commute his sentence to life imprisonment. The petition was prepared by Dr. Jerome A. Anderson, president of the San Francisco Theosophical Society, and it has already received a numbar of signatures.

THORN JURY COMPLETED.

Thorn is Cooler, But Still Rather Nervous.

MINERS WIN THEIR POINT

A General Increase in Wages is Announced and Many Are Returning to Work.

By Wire to THE TELEGRAM.

Long Island City, Nov. 23.—Court opened promptly at 9:30 this morning and the troublesome work of selecting a jury to try the Thorn case was resumed. Thorn seemed cooler than on yesterday, but is still rather nervous. The crowds were larger than on yesterday, as it was understood the trial would proceed. In addition to the seven juror selected yesterday the following members were chosen today: Nicholas Blake, a farmer; Charles Schreiber, real estate dealer; George Holland, oysterman; Valentine Watts, farmer.

About 2 p. m. the Thorn jury was completed. The twelfth juror was Elias Nelson, a carpenter. The jury has taken a recess until late in the afternoon.

TEN PER CENT INCREASE.

By Wire to THE TELEGRAM

Iron Mountain, Mich., Nov. 23—The Chapin Mining Company, the Rewabic Company, have announced a ten per cent increase in wages to take effect on January the first. The increase effects more than two thousand men and there is a shortage of men in the mines which will be worked all the winter.

MINERS RETURN TO WORK.

By Wire to THE TELEGRAM

Houghton, Mich., Nov. 23.—The two hundred miners who struck in the Atlantic mines, with as many more who are involuntarily idle, returned to work. The trammers will probably get an advance of five dollars a month.

TEXAS WHITECAPS BURN BARNS.

Gov. Culberson Calls Upon Sheriffs to Arrest All Members.

San Antonio, Tex., Nov. 22.—The Whitecaps are beginning to carry out their threats against the money rent farmers in Williamson and Lamar counties. At Hillsboro two large barns filled with grain have just been burned by Whitecaps, and a large number of farms sowed in Johnson grass. The land owners are badly frightened and have appeared to Gov. Culberson for assistance in bringing the Whitecaps to justice. Gov. Culberson has issued a proclamation on the subject in which he calls upon the sheriffs of the different counties to do their duty and arrest all who are known to be members of the Whitecap organization. Two large general stores in Williamson county, owned by land owners, have also been burned by renters.

WALTER BURNS DEAD.

Pierpont Morgan's European Agent Passes Away.

By Cable to THE TELEGRAM.

London, Nov. 23.—Walter Burns, the manager of the banking house of Morgan & Co., the European representative of J. Pierpont Morgan, died suddenly of heart failure at the county seat of Halfield last night. He had been ill for some time and his death was not unexpected.

AUSTRALIA'S BIGGEST FIRE.

$5,000,000 Worth of Property Destroyed in Melbourne.

Melbourne, Nov. 22.—The most extensive fire ever known in Australia started at 2 o'clock in the warehouse of Craig, Williamson & Thomas, 22 Elizabeth street, in the center of the city. A strong wind that was blowing caused the flames to spread with great rapidity, and in three hours a whole block, consisting of seven warehouses and ten stores, was consumed by the fire.

Among the burned buildings were several of the largest soft goods warehouses in Melbourne.

The loss is $5,000,000. Many persons have been thrown out of employment.

Facts Worth Studying.

If the Southern Stock-Mutual pays no larger dividends than the 20 per cent. now paid, and the business increases during the next seven years in the same ratio it has increased during the last three years, the actual saving for the ten years to policy-holders in North and South Carolina will be $194,822.00, and to the policy-holders in Greensboro alone, $26,237.00. Besides this the Company's assets (reinsurance reserve and surplus) represented by still larger figures will be kept at home and invested in the state. What better investment can the public make than by upholding an institution like this?

THE ANTI-POETIC.

The Wilmington Messenger says in the course of an editorial on the "Essentials of Appreciating Poetry":

This present age is so absorbed in the material, in money getting that it has no taste or time for the highest forms of thought, no apprehension of the highest poetry of the ages, no relish for what the inspired are singing as the days pass. It is as the able, literary London Spectator affirms a time of the "anti-poetical." There is no doubt of this. There are of course among the hundreds of millions of earth here and there men and women who love poetry for itself, and who read with intense satisfaction the great productions of the noblest inspired thinkers of the mighty past. You will find ninety-nine persons turning from verse to prose where you will find one lingering in pleasure and even fascination over the pages of creative minds expressing their high thoughts in the gracious cadences of rythmical verse. The despisers of poetry in this strictly utilitarian age, are very numerous—their name is legion. It has been recently mentioned how Darwin, who has so many followers in his man-monkey theory, lost all taste or inclination for poetry. His mind "became dead to poetry as it did to certain other realms of art and imagination.

Most of this is very true and very pertinent. To the implied assumption, however, that the study of science necessarily unfits the mind for the appreciation of poetry, we must demur. The scientist necessarily deals with the actual while the poet idealizes, but it by no means follows that the two may not bs combined in one individual.

Few men in recent years have been more purely scientists than Thomas Huxley. Yet is it necessary to call the attention of the learned editor of the Messenger to the fact that when Tennyson died the finest memorial verses in the opinion of the best critics were from the pen of Huxley? Better than Swinburne's majestic "Threnody," better than Morris' tribute. The poetic instinct goes by individuals not by classes.

GOODBY TO CUBA.

General Blanco's reportto his home government says: "Of the 192,000 regular troops received by Gen. Weyler only 89,000 fit for duty remain." This leaves 103,000 of which number the New York Sun says 40,000 are in the hospital and 63,000 to be accounted for in other ways.

This will be a revelation to those who have imagined that the war in Cuba has not been attended by great loss of life. It is true that the greater part of the 63,000 have passed off the stage of war by other means than Cuban bullets but they have passed off for all that and with Spain, as with the South in the late war, their loss can not be made good.

The showing reveals more than ever the hopelessness of Spain's attempt to coerce Cuba; the die is cast for her. If there be such a thing as retributive justice it is surely camping on the trail of the Spaniard. Apparently the acclamations with which General Weyler has been received in parts of Spain were somewhat illtimed.

With an able general in command of her forces in Cuba victory might yet be wrung from adverse circumstances but with a commander senile in mind and body, like Spain herself, the rest of the struggle can hardly be aught else thana pitiable tragedy. She has no Duke of Alva to do certain if bloody work. Her commanders have the cruelty without the ability of that historic monster of blood. And so for Spain, sooner or later, it is goodby to Cuba.

The Stonewall Jackson monument, erected where he fell on the battlefield of Chancellorsville, has been defaced by vandals. It is strange that people should let their morbid craving for mementoes of a man they admire lead them to deface what is intended to perpetuate his memory.

The Citizens Union obtaine four orders from Judge Maddox, demanding that cause be shown why the ballot boxes in Kings county should not be usealed and the ballots re-counted. The outsider would have thought one time enough for even the Citizens Union.

The very latest wrinkle of demagogery is the announcement of Benjamin M. Blackburn, of Georgia, that he is a candidate for Congress on the lynching platform. Hon. Thomas Watson and Mr. Marion Butler had best take a squint at their laurels.

The University of Michigan boarding house keepers who propose to prohibit smoking in rooms rented to students, must have somewhat exaggerated ideas of the holding powers of boarding house hash.

The Oregon man who has discovered that a trap gun is an excellent remedy for too much mother-in-law is entitled to the warm plaudits of many suffering householders.

The announcement that ten million dollars in gold has been taken from a single gulch in Siberia suggests that the worlds future supply of gold must be in cold storage.

Three prisoners have escaped from the Chicago jail. None can help wishing them good luck. It is bad enough to live in Chicago without being in jail.

Are You Subject to Attacks of

COLIC?

If So, There is No Need to Suffer.

Mrs. Joe Person's Remedy

WILL CURE YOU

For several years I had been subject to severe attacks of cramp colic. Sometimes they would last me an hour and hardly a week passed that I did not have several attacks. I tried everything that was suggested, but found no relief. During these attacks the muscles of the arm and leg were terribly drawn and the whole body was cramped. I was advised to try Mrs. Joe Person's Remedy, which gave me relief at once, but not until I had taken two dozen bottles was I entirely cured. It was eight years ago since I took the remedy, and I have not had a touch of the trouble since.

HARRIS' LITHIA WATER
OF SOUTH CAROLINA.

Contains More Lithia than any Natural Lithia Springs Water on the market. There are a great many so-called Lithia Waters on the market whose analysis show that they contain only traces of lithia. It seems that if you wish a Lithia Water you should examine the analysis of the waters and find out how much they contain. The analysis of Harris Lithia Water was made by the noted R. Ogden Dosemus, M. D., LL. D., Professor of Chemistry and Physics, College City, of New York. If the Harris Lithia Water is not Superior to any other water on the market, do you think that the following noted physicians from all parts of the country would give their testimonial, stating that it was? They have no interest in the Harris Lithia Water.

After a long and varied experience in the use of mineral waters from many sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of afflictions of the Kidney and Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

Columbia, S. C., Oct. 8, 1892. A. N. TALLEY, M. D.

Mr. J. T. Harris:—Dear Sir: I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with Diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Others of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases. Very respectfully yours,

THOMAS S. POWELL, M. D., Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Jos. Jones, of Tulane University, of New Orleans, has to say in regard to the virtues of Harris Lithia Water:

New Orleans, La., Aug. 13, 1894.

Harris Lithia Water Co., Harris Springs, S. C.:

Gentlemen—I have used, with great benefit, the case of water sent me, and regard it with favor, being highly charged with Lithia.

Respectfully, JOS. JONES, M. D.

June 12, 1893. Mr. J. T. Harris, Harris Springs, S. C.:

Dear Sir—I have used the Harris Lithia Spring Water for the past year in all renal troubles, with prompt and efficient effect. In gouty and rheumatic troubles I consider this water superior to the Buffalo Lithia Spring water. I suffered from an attack of rheumatism for eight months, during which time I drank the Buffalo Lithia water constantly for four months without effect. In November last I had a case of Harris Lithia Water sent to me, and after drinking it for about three or four weeks, the pain and stiffness left my limbs and I have not been troubled since. I feel that I can safely recommend the Harris Lithia Water. Respectfully,

Savannah, Ga. R. B. HARRIS, M. D.

"The Harris Lithia Water is, in my opinion, unexcelled for those ailments requiring the salts it contains. THEO. LAMB, M. D.

Professor Diseases of Chest and Principles of Medicine, Medical Department, University of Georgia.

Asheville, N. C. April, 24, 1893.

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty Diseases afford me more comfort than either the Buffalo or Londonderry Waters. Very truly yours,

JOHN HEY WILLIAMS, M. D.

Atlanta, Ga., April 20, 1897.

I have used for sometime Harris Lithia Water in my family, and also with my patients, and find it is the best Water I ever used in catarrhal condition of the uretus and bladder. It is also a good diuretic Water.

G. G. ROY, M. D.

Charleston, S. C., Sept. 20th 1893.

Mr. J. T. Harris:—Dear Sir: I am constrained to send you this testimonial of the efficacy of the Harris Lithia Water. The value of the testimonial may be enhanced from the fact that it goes to you unsolicited. As a friend of humanity, I feel bound to withhold my knowledge of its virtues no longer. I have been using the water for more than a year with marked benefit. To any one troubled with kidney disorder, it is the remedy par excellence. I prefer it to the Buffalo Lithia Water. Very truly yours,

A. C. KAUFMAN,

President Vanderbilt Benevolence Association of Charleston, S. C.

Mr. J. T. Harris, Proprietor Harris Lithia Springs:

Dear Sir—While it is contrary to my custom to give testimonials to remedial agents, I feel free to attest to the efficacy of the Harris Lithia Water (when used in large quantities) in the Rheumatic and Gouty Diatheses; in Inflammation of the Bladder, and in all cases where there is an excess of solids in the urine. Yours respectfully,

Columbia, S. C. GEO. HOWE, M. D.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saliney taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal, they are powerfully alternative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In Indigestion, Catarrh of Stomach and Gastralgia, supplemented with a proper diet they are a certain cure. The action upon the kindneys is marked. The Sodium, Potash, Soda, Lithia, are the best solvents of uric acid, all calculi of an acid character, whether litary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required. Respectfully,

Waterboro, S. C., April 10, 1892. J. Q. WILBUR, M. D.

Camden, S. C., Aug 24, 1893.

Mr. J. T. Harris:—Dear Sir: I enclose you in this letter several small pieces of calculi passed by a patient of mine, who has been taking the "Harris Springs Water" for the past eighteen months. This gentleman has been a sufferer for two or three years with Cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris Spring Water a most excellent remedy in the Uric Acid Diathesis, also in Chronic Dyspeptic troubles.

I am, yours respectfully, A. W. BURNET. M. D.

Chester S. C.

Dear Sir: For the past eight months I have been using Harris Lithia Water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in Gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia. S. M. DAVEGA, M. D.

Atlanta, Ga., April 24, 1897.

Mr. J. T. Harris, Harris Springs, South Carolina:

Dear Sir: I have found Harris Lithia Water an exceedingly valuable remedy for persons suffering from Kidney and Bladder Troubles. Therefore take pleasure in recommending it. Respectfully,

JAS. F. ALEXANDER, President Board Health.

Baltimore, June 24, 1896.

J. T. Harris, Esq., Harris Spring, South Carolina:

Dear Sir: I have been using Harris Lithia Water for sometime, and I will say to you that in my opinion that the Harris Lithia Water that is by far the best Lithia Water that I have ever used, and that it has done me a great deal of good, and I think it a most valuable remedy.

R. C. HOFFMAN, Pres. S. A. L. R. R.

Atlanta, Ga, April 20. 1897.

Harris Lithia Water Co.,

Gentlemen:—I have used Harris Lithia Water for the past two years and find it a most excellent remedy for dyspepsia and other stomach troubles. I cheerfully recommend it CHAS. M. NEEL, Pres. Ga. Military Institute.

A Fair Proposition.

We will guarantee that one glass of HARRIS' LITHIA CARBONATED WATER will relieve any case of indigestion in one minutes' time or money refunded or if taken after each meal will cure the worst case of indigestion. You see what the noted Dr. Davega, of Chester, S. C., has to say in regard to it, and there is not a physician in South Carolina who stands higher in the profession than he does, and besides you lose nothing by giving it a trial, as our agents are authorized to refund the money to any responsible person who will not admit that he was benefited by it.

RAILROAD TO KLONDIKE.

Chilkoot Pass to Be Traversed by an Aerial Tramway.

San Francisco, Nov. 22—Henry L. Martens of New York who represents Tacoma and New York capitalists interested in building a railroad from Dyea over the Chilkoot Pass to Crater Lake, is here. He says the first eight or nine miles of road out from Dyea would be the usual railroad guage in construction. This will end at the mouth of the Dyea canon. Sixty men are now engaged on this work at $3 a day.

"The second division of our railroad," he said, "will be an aerial tramway from the mouth of Dyea canon over the Chilkoot Pass. This tramway is now being built at the east. It will be shipped by way of Seattle, and will be placed in proper condition on its arrival at the Dyea canon early in January next. The capacity of the road will be 250 passengers and 150 tons of freight daily."

Mr. Martens estimates that 75,000 people will go to the Klondyke country next spring by the way of Dyea.

A PREACHER THREE YEARS OLD.

Crowds Flock to Hear Him—Regards all Girls as Wicked.

Atlanta, Ga., Nov. 22.—In a house out on Auburn avenue today Lawrence Denny, a child of 3 years, preached to an interested assembly. He is small for his age, has large black eyes and a very strong voice. His brow protrudes like that of an old man.

For over a month he has had this gift of preaching, and has created intense interest among the class with whom he lives, who look upon him as a wonder. He regards girls as wicked and will allow none of them to come near him. Every Sunday there are people anxious to get into the house, so that cards have to be issued during the week to a number sufficient to fill the room in which he preaches.

NO TRACE OF ANDREE FOUND.

The Steamer Victoria Returns from its Vain Search for Explorer.

Christiania, Nov. 22—The whaling steamer Victoria, which was fitted out at the expense of the Norwegian Government for the search of Andree, the Artic explorer, who left Dane's Island on July 11 in a balloon, hoping to cross the North Polar area, has returned to Tromso, from which port she sailed on Nov. 5. No trace was found of the explorer.

The Victoria reports that she landed searching parties ten times on the Daumand Isles.

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits.' Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at C. E. Holton's drug store.

Rev. P. L. Groome, D. D., came home last night from Asheville.

Rev. G. W. Callahan was here this morning, returning to Winston.

Rev. T. M. Johnson, of Henderson, was registered at the McAdoo last night.

Rev. T. H. Pegram, of Winston, spent last night in the city, returning from conference.

R. F. Wrenn, a merchant of Siler City, spent last night in the city and returned home today.

E. O. Masten, of Wilkesboro, clerk in the last house of representatives, was in the city last night.

H. Weil, of the mammoth mercantile firm of H. Weil & Bro., Goldsboro, was in the city last night.

R. A. Doughton, of Sparta, ex-Lieutenant Governor of North Carolina, was in the city last night.

Rev. J. W. Frank, pastor of the M. P. church at Winston, was here this morning and went to High Point to attend conference this week.

Rev. Dr. Jethro Rumple, of Salisbury, arrived on the morning train to conduct the funeral obsequies over the remains of his friend and brother in the ministry, Rev. Dr. J. Henry Smith.

Simon H. Buchanan, private banker of Jonesboro, was in the city last night and went away on the southbound train for Marshall. While here he made a pleasant call at The Telegram office.

Rev. G. T. Rowe, the new preacher sent to the church established at Proximity, is said to be a young man of ability and promise. He is a son of Rev. J. C. Rowe, a graduate of Trinity, class of '96. While at college he was editor of The Archive, and when he graduated, we are told he was tendered a professorship in a large college, but choose the work of preaching the gospel.

Thanksgiving Matinee.

Let your children go to the Academy of Music Thursday evening to see the Merrymakers. Every child that attends will get a present. Adults 20cts. Children 10cts,

J. W. Denmark, of the Farmers' Alliance executive committee, says all the machinery has been placed in the shoe factory at Hillsboro, that the hands are notified to be there this week and that active work will begin by December 1.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, constipation, dizziness yield to Electric Bitters. 50c. and $1.00 per bottle at C. E. Holton's drug store.

BRIEF LOCAL MATTERS.

R. W. Brooks went down the Cape Fear & Yadkin Valley today.

Mrs. and Miss O'Brien left on the noon train today for Danville.

Rev. Dr. P. J. Carraway, Rev. Dr. J. H. Weaver and Rev. J. E. Gay returned last night from Conference.

Every kind of fruit that you could want for Thanksgiving is advertised by Andrews today. He offers malaga grapes at 8 cents per pound, and says they may go lower tomorrow.

The lumber dealers, Pitts & Bain present a new advertisement to Telegram readers today. We call special attention to their firewood department. They have put in a wood saw and furnish wood cut to any length.

A Telegram man today saw a strong, substantial looking wagon, which was made by the Greensboro Wagon Manufactory. It is getting so that everything needed by Greensboro and Guilford people is made right in our midst.

We are pained to learn of the illness of Rev. Dr. Crawford in Asheville. It was thought he could be brought home today but he was too ill to undertake the trip. He is suffering with asthma. His many friends here wish for him a speedy recovery.

Thanksgiving services will be held at Centenary on Thursday. The Centenary choir requests us to invite the singers of Friends, Grace and Westminster churches to meet tonight and tomorrow night at Centenary to practice and arrange music for the occasion.

A new shampoo-bowl, which is the best arrangement we have ever seen, has been added to the barber shop equipment of Whitfield & Williams, the Southside tonsorial artists. It is an adjustable affair to be fastened to the chair similar to the head rest, and is a great convenience, and you can get a shampoo in a much more comfortable position than the old way of standing on your head in a wash bowl and getting your eyes full of the head wash preparation.

WILL ROOT FOR GREENSBORO.

The Game Exciting Much Interest in Charlotte.

The local sports are preparing to go down in force to root for the Greensboro team on Thanksgiving Day. The Southern is making a rate of $3.60 for the round trip—not a very good rate, but reasonable.

It is to be hoped that a large crowd will go along to hold up the hands of the rushers from the stand.

It is expected to be a close and exciting game, and Charlotte is not expecting so easy a victory as formerly. The News says:

The town is fully alive to the fact that the great football contest of a year ago is to be repeated here next Thursday and local enthusiasts are figuring upon who will win the contest. Charlotte's defeat by both Davidson and Clemson colleges cause some to feel discouraged as regards the prospects of the home team, while others feel that despite this fact, the game will result in a victory for the red and black.

. The fact that Greensboro won from Oak Ridge Saturday by a score of 14 to 0 is not altogether significant of strength upon the part of our rivals as the Oak Ridge team is composed of a set of youngsters who would be entirely outclassed by a team like Davidson. Young Robin Brem, of this city, is one of the Oak Ridge guards, and played against Greensboro in Saturday's game.

The material of which the home team is composed is unquestionably superior to that of s year ago, but the eleven is lacking in team work, and so far there has been an absence of that intense loyalty so noticeable in last year's team.

It is hoped by local enthusiasts that this defect will be overcome in the practice of the team in the next few evening.

For the Orphans.

The Odd Fellows here today packed a box of good things to the amount of $50 to be sent to the orphans at the Goldsboro asylum. The members of that order may always be depended on to do what is right, proper and humane toward all in whom the order is interested. As an exemplar the Odd Fellow is not to be discounted.

Died From the Reaction.

The body of Engineer Robertson, of the Southern railway, went through on the 12:10 train today. Mr. Robertson had an operation performed for appendicitis in Salisbury and never rallied from the reaction of the operation. He was being taken home for burial.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by C. E. Holton.

BACK TO HIS EARLY HOME.

A Former Citizen, A Native of Greensboro Coming Back.

As was announced exclusively in the columns of The Telegram, Rev. Andrew P. Tyer, of Elizabeth City, has been in the city several days with a view to purchasing a home here for his aged father, Mr. John M. Tyer, of Franklin, Tenn.

We are glad to announce that a trade has been closed—Mr. Tyer purchasing a four-room cottage from Mr. J. E. Tomlinson, on East Bragg St. Some improvements, wall papering, etc., will be made, when Mr. Tyer and daughter Mrs. Elizabeth Jackson, will move into it.

Mr. Tyer is now 85 years old, and it is his desire to spend the balance of his life in Greensboro. He is a native of this place and spent his early life here, the comrade of Uncle Bob Sloan, Calvin McAdoo, Harper and Jesse Lindsay and Peter Adams, and others who lived in their time. Mr. Sloan is the only one of Mr. Tyer's early associates who is now living to welcome him back to his old home.

But the descendants of the others are here and all will unite in extending to Mr. Tyer and his widowed daughter a hearty welcome, and we believe will make them feel that they have made no mistake in taking up their abode in the "City of Flowers."

The Rev. Mr. Tyer will be here until Saturday, when he will go to Durham to spend a day or two before going to Conference at Raleigh.

TWO FOOTBALL PLAYERS OF Greensboro were bruised up considerably and used Goose Grease Liniment with splendid results. n-23.
